

# LaCie Rugged

Hi-Speed USB 2.0

## The All-Terrain Hard Disk

Design by Neil Poulton

### Mobile, All-Terrain Protection

The best protection of your data requires handling with care, but you and your data don't always live in a peaceful, sterile vacuum. You live in the real world full of bumps, spills and adventures. The ultra-portable LaCie Rugged Hard Disk is your data's best protection for the real world.

### Hi-Speed USB 2.0

The LaCie Rugged Hard Disk offers the cross-platform convenience of Hi-Speed USB 2.0 interface and is USB 1.1 backward compatible. Exchanging data between Macs and PCs is easy—simply plug it into any computer with a USB port anywhere. This external storage solution is USB bus-powered and plug & play. It even comes with a power-sharing cable for low powered USB hubs/computers.

### Ultra-Portable Data Shuttle

If you care about protecting your valuable data on the road, this drive is your durable, dependable solution at an affordable price. Take it with you on business trips, vacations or use it for transferring files from one desktop computer to another. It's perfect for users who need backup, storage and large volume exchange for office files, photos, music and even video clips.

### Exclusive, Original Rugged Design

Its unique varnished, scratch-protected aluminum shell and shock-resistant rubber sleeve make the LaCie Rugged Hard Disk especially resistant to harsh elements for extra protection wherever you go. The exclusive creation of world-renown designer Neil Poulton, the LaCie Rugged Hard Disk is essentially our award-winning, popular PocketDrive with a new and improved design.
